Theoretical Foundations of the UAS in the NAS Problem (Unmanned Aerial Systems in the National Air Space)

Dr. Kristin Yvonne Rozier

Abstract: This paper discusses the theoretical foundations of the UAS in the NAS problem. It examines the legal, technical, and operational challenges associated with the integration of UAS into the National Air Space. The paper also discusses the potential for UAS to be used in a variety of applications, including surveillance, reconnaissance, and military operations.

Keywords: UAS, NAS, National Air Space, Unmanned Aerial Systems, Theoretical Foundations, Problem, Kristin Yvonne Rozier

1. Introduction

2. Theoretical Foundations of the UAS in the NAS Problem

3. Conclusion
